

NorthWestern Energy E+ Green Motor Rewind Instant Rebate Program Guidelines and Incentive Amounts

Green Motor Rewinds result in the motor maintaining its original efficiency and are only available through Green Motors Practices Members. Instant rebates (End User Incentives) for Green Motor Rewinds are provided on the invoice through a Green Motors Practices Member*.

Qualifications

- NorthWestern Energy commercial, industrial, and irrigation electric supply customers are eligible for the program. “Choice” customers, those who buy their electricity through a contract with a competitive supplier, are not eligible. *If you are unsure, please contact us.*
- Instant rebates provided to qualifying NorthWestern Energy electric customers are funded through NorthWestern Energy’s Efficiency Plus (E+) Programs. Pre-approval required.
- Motors 15-5000 Horsepower (HP) are eligible. Motors rewound prior to July 1, 2019 will not be accepted under the program. Projects must be completed by August 17, 2020.

HP 15 to <500	Estimated Industrial Annual Savings (kWh)	Estimated Agricultural Annual Savings (kWh)	Instant Rebate*	HP >500	Estimated Industrial Annual Savings (kWh)	Estimated Agricultural Annual Savings (kWh)	Instant Rebate*
15	601	317	\$15.00	500	9,804	5,567	\$500.00
20	804	425	\$20.00	600	14,689	6,193	\$600.00
25	1,052	595	\$25.00	700	17,065	7,195	\$700.00
30	1,133	640	\$30.00	800	19,461	8,205	\$800.00
40	1,319	746	\$40.00	900	21,847	9,211	\$900.00
50	1,418	802	\$50.00	1000	24,172	10,192	\$1,000.00

Additional NorthWestern Energy E+ Programs are available. Visit www.NorthWesternEnergy.com/Eplus.
Program subject to change without notice. See Terms and Conditions for additional details.

Terms and Conditions

APPLICATION: Applications for this program will be completed and submitted by the Green Motor Practices member. NorthWestern Energy customers are advised to retain a copy of the Terms and Conditions and the invoice from the Green Motors Practices member for the green motor rewind. NorthWestern Energy will not be responsible for lost documentation pertaining to this application request. Funds for NorthWestern Energy E+ Green Motor Rewind Instant Rebate (End User Incentives) are limited and available on a first-come, first-served basis. E+ Instant Rebates for qualifying NorthWestern Energy customers are funded through Efficiency Plus (E+) Programs. Details of this program, including incentives, are subject to change without prior notice.

ELIGIBILITY: Incentives are available to applicants who are NorthWestern Energy commercial electric supply customers. All projects are subject to review, and receipt of a rebate is not guaranteed. Projects may not receive an incentive if the energy savings does not justify the rebate. "Choice" customers, those who buy their electricity through a contract with a competitive supplier, are not eligible. Final determination of eligibility rests solely with NorthWestern Energy.

VERIFICATION: The Green Motors Practices Member will verify that the installed electric saving measures meet program standards. The NorthWestern Energy customer's facility may also be selected for post-installation verification prior to incentive payment. No warranty is implied by this verification. NorthWestern Energy's inspection of installed equipment or energy saving measures is for the sole purpose of assuring that it has been installed and program criteria have been satisfied, and it is not for the purpose of inspecting materials or quality of work. NorthWestern Energy makes no representations of warranties concerning adequacy of materials or quality of the work by virtue of its inspection or by its payment of the Instant Rebate.

PAYMENT: The E+ Instant Rebate is applied to the qualifying NorthWestern Energy Customer invoice from the Green Motors Practices Member.

PROOF OF PURCHASE: The invoices from the Green Motors Practices Member must itemize the work performed. This proof of purchase must show: (1) the date of purchase and itemized price paid, (2) the size, type, make, model or part number for the motor and any associated products, and (3) a description of any installation or other labor charges.

INCENTIVE AMOUNT: The E+ Instant Rebate is based upon the horsepower of the motor rewound to the Green Motor Practices standard and as set forth in the Program description.

TAX LIABILITY: NorthWestern Energy is not responsible for any tax liability imposed on Participant as a result of payment of these incentives.

SAFETY & BUILDING CODES: Participant represents that: (i) all products installed and work performed complies with all federal, state and local safety, building and environmental codes, and (ii) products are UL listed, if applicable, and installed per manufacturer's instructions. NorthWestern Energy is not responsible for wiring, piping, appliances, chimneys, flues or venting, and/or equipment on Participant's premises beyond the appropriate service meter or other points of connection with NorthWestern Energy's service connection at which point the responsibility of NorthWestern Energy shall cease.

NO ENDORSEMENT: NorthWestern Energy does not endorse any particular manufacturer, contractor or product in promoting the E+ Rebate Programs. The fact that names of particular manufacturers, contractors, products or systems may appear on this application does not constitute an endorsement. Manufacturers, contractors, products or systems not mentioned are not implied to be unsuitable or defective in any way. NorthWestern Energy or its agents do not sell energy conservation products directly to customers.

PROPERTY RIGHTS: Participant represents that Participant has the right to perform the rebated saving measures on the property on which those measures are performed and that any necessary landlord's consent has been obtained.

ACCESS & EVALUATION: NorthWestern Energy and/or its representatives may request access to the property and may review and evaluate the project during and after completion for up to 2 years. Participant agrees to provide reasonable access to the property for the purposes described herein.

ENERGY INFORMATION RELEASE: Participant authorizes NorthWestern Energy to access energy usage data for the project's specified account at the physical address of the project. Participant agrees to provide other reasonable assistance to obtain such information.

INFORMATION RELEASE: Participant agrees that NorthWestern Energy may include services and resulting energy savings in reports or other documentation submitted to the Montana Public Service Commission. NorthWestern Energy will treat all other information gathered in evaluations as confidential and report it only in the aggregate.

ELIGIBLE PRODUCTS: Products must meet energy efficiency specifications of NorthWestern Energy. These specifications may be found on the Web at www.NorthWesternEnergy.com/Eplus. If you, or your contractor, are not sure of the specifications, please call (800) 823-5995 before proceeding.

DISCLAIMER / NO LIABILITY: Participant understands that, while NorthWestern Energy is providing Participant with the incentives payment, NorthWestern Energy is not supervising work performed for Participant nor is NorthWestern Energy responsible in any way for proper completion of that work or proper performance of any products purchased. NorthWestern Energy is simply providing funding to assist Participant in implementing rebated saving measures. Participant assumes the risk of any loss or damage(s) that Participant may suffer in connection with installation of the measures. NorthWestern Energy does not guarantee any particular saving results by its approval of the application or by any other of its actions.
