Carol's Story

Carol* is a single mom living in a rural area with her child. She struggled to find work and they lived paycheck to paycheck. Then things took a tragic turn. Pain in her lower leg led her to seek medical attention. The only way to resolve the issue, she learned, was amputation. With the loss of her lower leg, hefty medical bills, and winter on the way, Carol needed help.

Carol found that help with Energy Share. Thanks to generous donors like you, she was able to stay warm. This gave her one less thing to worry about and more time to recover.

Thank you for helping your neighbors in need!

**Name changed for privacy.*

Your gift goes to work.

Energy Share of Montana is an independent nonprofit organization that helps Montanans overcome energy emergencies. Donating to Energy Share means you help a neighbor who is facing loss of heat or lights. **Since 1983, Energy Share has distributed over \$25 million in emergency bill assistance to over 70,000 families across Montana.** This is thanks to generous supporters like you!

Make your tax-deductible donation today using the pledge form on the back of this brochure.

Your gift helps fellow Montanans stay warm this winter!

Note: If you are already donating to Energy Share through your bill, you do not need to re-submit this pledge card.

Thank you for your generosity!
